Using your MyAid Account

For Financial Aid

Go to www.fmcc.edu hover over Admissions, Financial Aid and MyAid. On the next page, click on the MyAid hyperlink. If you have not created your account, follow these instructions to set up your account:

- Log in as a returning user
- Sign in using your social security number as your Student ID
- Your temporary password will be the word smart
- Answer the security questions and change your PIN to what you want it to be

If you have not been packaged yet, you need to go to the MyDocuments tab to determine if the Department of Education is requesting documents.

If you have been awarded, your financial aid awards for the academic year can be found under the MyAward Letter tab. You will read a brief statement, check agree and submit, and your awards will pop up for you. You can then accept, decline or reduce your awards.

- Your awards will appear as Pending
- Decide what you will accept and/or decline
- Student loans may be reduced to a lower amount than offered
- Make sure to submit at the lower right-hand corner

If you are not sure if you need to take the student loans, you can view the aid by semester under the MyFAD tab. Compare that to your bill to determine your needs. Bills are available on your MyFM account or at the Bursar’s Office.
