This degree can prepare students to go on to study Accounting, Marketing, and Management, to name a few.

Can I complete my degree completely online or in the evening?
YES, the AAS and AS in Business Administration can be completed completely online, but many students enjoy a combination of traditional classes during the day or evening and blended classes.

What is a blended class?
A blended class is part online and part in the classroom.

Can I transfer credit in from another school to FM?
