II. DEPARTMENT OF PUBLIC SAFETY

The Department of Public Safety at FMCC oversees security operations for the college. The department works closely with law enforcement agencies and first responders throughout New York to ensure a safe, secure learning environment for our students and a professional work environment for our faculty and staff. Safety is everyone’s responsibility. The college community is a great place to work; however, it is not immune to the types of problems seen throughout society. Unfortunately, crime is a reality FMCC. The college’s goal is to provide a safe and secure environment for students, staff and visitors. However, it is only possible to maintain safety and security when every student and staff member takes an active part in the effort.

The purpose of this publication is to:
- Provide an overview of the Department of Public Safety;
- Share crime statistics required by the Jeanne Clery, Disclosure of Campus Security Policy and Campus Crime Statistics Act;
- Inform current and prospective students, staff and visitors about the policies and programs designed;
- Provide information regarding emergency preparedness and planning;
- Distribute public information regarding fire safety, fire statistics and fire-related information.

III. COLLEGE LAW ENFORCEMENT

Fulton-Montgomery Community College is located in the Town of Mohawk, County of Montgomery, and State of New York. In conjunction with local law enforcement and individual facility management at our location, the office works to ensure the overall safety of the college community as a whole. The office is staffed 24 hours a day by a patrol force. The office works cooperatively with outside law enforcement agencies having jurisdiction at FMCC. All federal, state and local laws apply at FMCC. Memorandums of understanding have been forged with local law enforcement agencies for the cooperative investigation of crimes that may occur at FMCC. Certified Peace Officer(s) of the Department of Public Safety possess law enforcement authority. FMCC has developed policies and procedures to ensure that students and their possessions are protected as much as possible, it is primarily the responsibility of the student, faculty or staff member to provide for his or her own personal safety.

IV. THE JEANNE CLERY ACT

Compliance Statement: The Crime Awareness and Campus Security Act of 1990

A. Clery Campus Crime Statistics

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the federal law, originally known as the Campus Security Act, which requires colleges and universities across the United States to disclose information about crime on and around their campuses. The Clery Act also requires reporting crimes on public property not owned or
controlled by the college. Colleges and universities are required to publish an annual report every year that contains three years' worth of campus crime statistics and certain security policy statements including sexual assault policies that assure basic victims' rights, the law enforcement authority of campus Police, Security/Public Safety and where students should report crimes. The report is to be made available to all current students and employees. Prospective students and employees are to be notified of its existence and given an opportunity to request a copy. It remains the responsibility of the Department of Public Safety for the collection of crime reports and distribution of the annual crime statistics and report by Oct. 1 of each calendar year. The FMCC “Annual Safety and Security Report and Procedures” is available to all current and perspective FMCC students and employees upon request at the Office of Public Safety.

The “Annual Safety and Security Report and Procedures” includes:

- Statistics on the number of on-campus murders, rapes, robberies, aggravated assaults, burglaries, motor vehicle thefts, bias-related crimes and arrests for weapons possessions and liquor and drug abuse violations;
- Policies regarding security, access to college and other facilities, and college law enforcement.
- Annual safety and security report and procedures
- Procedures for reporting crimes and other emergencies;
- Information on college sexual assault and rape awareness programs, procedures to follow when a sex offense occurs, disciplinary action procedures, counseling opportunities and notification to students that FMCC will make reasonable changes of a victim's academic situation if the victim so chooses;
- Policies on the use, possession and sale of alcoholic beverages and illegal drugs; and
- A description of FMC’s programs informing the campus community about alcohol and drug abuse education, crime prevention and campus security practices.
- Sex offender registry information, New York State Sex Offender Registry and NYS Sex Offender Registry home page at www.criminaljustice.ny.gov/. You also can call 800-282-3257.
- Procedures for emergency response, emergency communications and emergency evacuation procedures.

B. Geographic Locations Used Under the Clery Act

- On Campus:
  Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

- Non-campus Building or Property:
  Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is
frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

- **On Public Property:**
  All public property, including thoroughfares, streets, sidewalks and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

**C. Safety and Security – Our Responsibility**

The Department of Public Safety is responsible for compiling and disseminating the Campus Safety Report annually as required by the Federal Student Right-to-Know Law and Campus Security Act, which was signed into law November 1990. The purpose of this report is to provide FMCC faculty, staff, students and prospective students with campus safety information including crime statistics and procedures to follow in order to report a crime. Title II of this act was known as the Crime Awareness and Campus Security Act, which was amended and renamed in 1998 to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, known as the Clery Act. The Clery Act mandates that institutions receiving Title IV federal funds disseminate crime statistics for certain serious offenses that occurred on campus and in adjacent areas for the current reporting year and the previous two calendar years.

**Definitions:**

1) On an annual basis, the Department of Public Safety solicits information from any and all law enforcement agencies with geographical jurisdiction over FMCC about criminal activity reported to those agencies. The information requested outlines crimes reported to the agencies that happened on or near an FMCC location or involved members of the college community.

2) This report of crimes reflects but is not limited to crimes outlined under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act).

3) The Department of Public Safety compiles data as outlined under the Clery Act and makes them available annually to the college community. Upon request, this data shall be provided to prospective students and employees.

4) Data obtained and reported to the Department of Public Safety is held for seven years after an individual year report is published.

**D. Fulton-Montgomery Community College, the New York State Campus Safety Act, Compliance Statement**

- FMCC acknowledges the importance of campus safety and investigating crime. By means of this statement FMCC adheres to formal plans that provide for the investigation of missing students and violent felony offenses committed on campus. Memorandums of understanding have been executed with various local law enforcement agencies to specifically address this issue. Annual safety and security report and procedures; what is the New York State Campus Safety Act? This law was enacted in 1999. It was prompted by the unexplained disappearance of Suzanne Lyall from the State University of New York at Albany campus in 1998. The reforms made by this law acknowledge that improving campus safety must begin with swift and efficient investigative action and optimum access to missing person information by student’s families and the public. The act:

- Requires all public, private, community colleges and universities in New York to have formal plans that provide for the investigation of missing students and violent felony offenses committed on campus;
E. Investigations of Missing Persons

FMCC Missing Person’s Compliance Statement.

A “missing student” or “missing person,” means any student of FMCC subject to provisions of section 355 (17) of the New York State Education Law. FMCC does operate or employ residence halls. Therefore, any and all persons reported missing to FMCC, or the Department of Public Safety will be reported to law enforcement agencies having immediate jurisdiction. In 2003, President George W. Bush signed into law “Suzanne’s Law,” requiring police to notify the National Crime Information Center (NCIC) when someone between 18 and 21 is reported missing, as part of the national “Amber Alert” bill.

F. Memorandums of Understanding

FMCC, [in accordance with the provisions of Procedure #3650, dated July 1, 2004, set forth by the State University of New York, Campus Conduct and Other College Property Used for Educational Purposes, and The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, codified at 20 USC 1092 (f), Crime Awareness and Campus Security Act of 1990 otherwise known as the Campus Safety Act] developed memorandums of understanding with local law enforcement to address enforcement of laws at the college, to assist in the reporting of missing persons and investigate and respond to violent felony crime under New York Penal Law §70.

V. CRIMINAL AND INCIDENT REPORTING

A. Criminal Offense

If a criminal offense occurs at any of the college’s locations, it must be reported immediately. Notification must be made to the Department of Public Safety or local police and or any FMCC Faculty or Staff members. Individuals who are victims of a crime at or near a college facility have the responsibility to report such acts to Public Safety, local police, and or college officials. In each case, DPS Officers will File an incident report and assign a case number. Victims or witnesses to crime also may report the incident to Public Safety directly. Emergency contact information for local police is located on the public safety and security website. During normal business hours, college officials will be available to assist victims and witnesses in reporting incidents to police. Criminal offenses occurring on campus should be reported directly to DPS or local law enforcement. The college also has established an after-hours non-emergency contact number for Public Safety; this number is 518-620-1760.

B. Incident Reporting Procedure

FMCC Incident Reporting Procedural Statement

Establish guidelines to assist FMCC college community members in reporting of incidents that may occur to students, faculty and staff. Fulton-Montgomery Community College is regulated by statute to report specific criminal incidents that have direct correlation to the college. The guidelines that follow will assist individuals in reporting of incidents and streamline the notification process.
Definitions

- Incidents: An incident may be defined as, an action or event that is, has or is going to occur that has an effect on someone or something. For the purposes of this procedure an “incident” is a crime, emergency or incident immediately dangerous to life, health or to the college as a whole.

- Incident Report: Official report taken by FMCC DPS with regards to an incident documenting information regarding said incident. A police agency report will serve as an official report under this definition and will be entered into the DPS SJS Data Base.

Incident Reporting, Criminal or Violent Behavior

All college staff, faculty and students are asked to assist in making the college a safe place by being alert to suspicious situations or persons and reporting them as outlined below. If you witness, are the victim of, or are involved in any on-campus violation of the law such as assault, robbery, theft or overt sexual behavior, local emergency police services should be called at 911 as soon as possible and the following information should be given:

- Nature of the incident
- Location of the incident
- Description of the person(s) involved, injured
- Description of the property involved

In addition, the individual should immediately report the incident to Public Safety. Crimes or incidents of a lesser nature including, but not limited to: property crimes, larceny and vandalism, are to be immediately reported to Public Safety or appropriate FMCC faculty or staff member. If an individual notices a person(s) acting suspiciously, he or she should contact the Public Safety at (518) 620-1760 or (518)736-3622 ext. 8405.

Incidents requiring medical attention should be reported to local emergency 911 officials. In addition, the individual should immediately report the incident to a faculty member, dean (or designee) or appropriate vice president.

Reporting of all incidents to college officials is mandatory. Persons reporting must contact a faculty member, dean (or designee) or appropriate vice president to report the incident that occurred. They in turn will contact the Public Safety (518) 736-3622, ext. 8405 who will conduct an investigation, taking the initial report (if applicable).

In the event of a critical incident or violent criminal act, The Department of Public Safety Officers will immediately respond in conjunction and communication with local law enforcement will, in accordance with the Jeanne Clery Act (34 CFR 668.46(e), issue a “timely warning” and/or “emergency notification” as directed by the Fulton-Montgomery Community College Emergency Notification and Timely Warning Policy.

Identification of College Campus Security Authorities

The college has designated certain administrators and staff as “campus security authorities” in recognition that many students, faculty and staff may be hesitant about reporting crimes to local police or Safety and Security, and may be more inclined to report incidents to non-law enforcement administrators and/or staff instead.
Public Safety Authorities are individuals designated at the college to aid in the safety of the college community. Contact your campus security authority if you see unsafe conditions at a college location; if you or someone else in the college community is the victim of a crime; or if you or someone else in the college community needs a referral for drug or alcohol abuse, or for rape counseling.

Campus security authorities are charged with reporting to a Public Safety Officer or the appropriate law enforcement personnel, either public safety or local police, or to any official or office which should be informed of the crime or complaint due to the nature of the crime or complaint, those allegations of Clery Act crimes that the campus security authority concludes are made in good faith. A campus security authority (President, Vice President), is not responsible for determining whether a crime took place as that is the function of law enforcement and its investigatory process.

A campus security authority is required to report all allegations to law enforcement personnel, even if the campus security authority was told of a crime in the context of providing emotional support or health care support. The allegations will be reported whether or not the victim chooses to file a report with law enforcement or press charges. A campus security authority also may provide a victim or witness with assistance in reporting a crime to Safety and Security or local police, or to any official or office which should be informed of the crime or complaint.

Counselors at the college are not campus security authorities, and are therefore exempt from disclosing or reporting allegations of crimes and incidents. However, to be exempt from the Clery Act reporting requirements, the counselor must be acting in their professional role of mental health counselors at the college. For example, a dean who has Ph.D. in psychology is not acting in the counseling role, but rather as a dean; and a Ph.D. student in psychology working in the counseling center as part of his or her education and training is acting in the counseling role.

The college encourages them to inform their clients of the procedures in accordance with their professional judgment, given the individual victim and circumstances before them. Please see location specific contact information on page 1.

In addition, as required under, (34 CFR 668.46a)

- The college must designate certain administrative personnel as “college security authorities”
- The following persons are recognized as college security authorities:
  - Public Safety, chief/director/coordinator, line supervisors and officers.

orientations, programs and trainings for employees and students. Definitions required include:
consent, dating violence, domestic violence, sexual assault and stalking.

CONSENT – Lack of consent results from: forcible compulsion; or incapacity to consent; or where the offense charged is sexual abuse or forcible touching, any circumstances, in addition to forcible compulsion or incapacity to consent, in which the victim does not expressly or impliedly acquiesce in the actor's conduct. Where the offense charged is rape in the third degree, a criminal sexual act in the third degree, or forcible compulsion in circumstances under which, at the time of the act of intercourse, oral sexual conduct or anal sexual conduct, the victim clearly expressed that he or she did not consent to engage in such act, and a reasonable person in the actor's situation would have understood such person's words and acts as an expression of lack of consent to such act under all the circumstances. A person is incapable of consent when he or she is: less than 17 years old; or mentally disabled; or mentally incapacitated; or physically helpless; or committed to the care and custody of the state department of correctional services, a hospital, the office of children and family services and is in residential care, or the other person is a resident or inpatient of a residential facility operated by the office of mental health, the office for people with development disabilities, or the office of alcoholism and substance abuse services, and the actor is an employee, not married to such person, who knows or reasonably should know that such person is committed to the care and custody of such department or hospital.

consanguinity or affinity and who are or have been in an intimate relationship regardless of whether such persons have lived together at any time. Factors that may be considered in determining whether a relationship is an “intimate relationship” include, but are not limited to: the nature or type of relationship regardless of whether the relationship is sexual in nature, the frequency of interaction between the persons and the duration of the relationship. What warrants a “timely warning” or “emergency notification?”
FMCC will issue Timely Warnings for a specific college location or college-wide whenever a crime is reported to the Office of Safety and Security, Public Safety or a local police agency that is considered to represent a serious or continuing threat to students and employees. Whenever a timely warning is sent, it will be sent to the entire affected community. Emergency Notifications will be issued, when the college is made aware of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurs at a specific campus location. As appropriate, emergency notifications may be targeted at the segment or segments of the campus community that are at risk. Emergency notifications will be issued without delay unless doing so would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The Incident Command Team, or the Director of Public Safety and/or other campus and non-campus officials as appropriate, will confirm the existence of a situation that may warrant a warning or notification and determine if a timely warning or emergency notification is warranted and the extent of the notification as appropriate. In addition to criminal incidents emergency notifications may be issued in situations such as, but not limited to:

Safety Related Issues:
- An incident that occurs in close proximity to any of the college campuses that may potentially affect the personal safety and security of our student, faculty and staff population.

B. Emergency Preparedness, Response and Evacuation Procedures
In the event that a situation arises, either on or off campus, that, in the judgment of the Incident Command Team, or Director of Public Safety, constitutes an ongoing or continuing threat to the campus population, a campus wide “timely warning” will be issued.

Emergency Response Plan Synopsis
This college-wide Emergency Management Plan is designed to outline a plan of action so that emergencies can be dealt with immediately in a logical and coherent manner. The intention of the Emergency Response Plan is not to establish policy, but to create a framework that will allow an immediate response to an emergency.
This plan is the result of the recognition by the college officials that there is a responsibility to manage emergency and disaster situation on campus and coordinate with all public safety and local government officials. The college recognized that a comprehensive plan is needed that is compliant with HSPD-5, including the National Incident Management Systems (NIMS). The plan also must be consistent with, and closely linked to, county and state plans.

The Emergency Management Plan designates Public Safety Officials and local police as the initial contact for reporting all emergency situations and as the central point of communication during the response and resolution of all emergencies.

Emergency Management Plan is designed to maximize human survival and preservation of property, minimize danger, restore normal operations to FMCC and assure responsive communications with the college campus community, surrounding regions and the cities in which we function within.

This plan is set in operation whenever a natural or induced emergency reaches proportions that cannot be handled by established measures.

A crisis may be sudden and unforeseen, or there may be varying periods of warning. This plan is intended to be sufficiently flexible to accommodate contingencies of all types, magnitudes and duration.

Fulton-Montgomery Community College’s Emergency Management Plan is put into effect whenever a crisis, man-made or natural, disrupts operations, threatens life, creates major damage or occurs within the college community and its environments.

Emergency Response and Evacuation Procedures
Under the college wide Emergency Management Plan (EMP), the college practices regular emergency evacuation drills and fire safety drills.

An emergency or crisis situation can arise at Fulton-Montgomery Community College any time and from many causes. Emergencies range from chemical spills, fires and bomb threats to explosions, natural disasters and civil disturbances such as riots or labor unrest.

The Fulton-Montgomery Community College, college wide Emergency Management Plan is a procedural document, which incorporates the Incident Command System for organizing, coordinating and directing available resources toward the control of an emergency. The plan includes a chain of command establishing the authority and responsibility of various individuals. In emergencies, procedures sometimes must be changed at an instant’s notice; therefore, responsible and knowledgeable persons who know the procedures have the authority to make necessary modifications.

Procedure to follow
For information that is believed to be of interest or concern to the entire college population, the threat assessment team in conjunction with the vice president for administration will typically notify the Office of the President in advance of sending a campus wide notification.
The college will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

C. Fulton-Montgomery Community College Community Responsibility
All Fulton-Montgomery Community College community members including faculty, staff and current students are encouraged to sign up for New York State Alert and will use this as one of the methods to communicate emergencies.

The college-wide notification system that will allow single source notifications to all parties affected by an emergency will receive information in a timely manner as needed. This information will be posted on the Public Safety website as the program is implemented, all faculty, staff and students email addresses will be entered into the emergency notifications system to receive emergency notifications as they may develop. Accounts have been created for current faculty, staff and students. Once an account has been entered, the user will receive emergency notifications informing them of the nature of the emergency and instructions on what to do. Users may opt into various groups of notification at any time. Users however will not be able to opt out of emergency notifications sent by the college.

The act sets requirements for sexual offender registration and community notification. It requires sex offenders, already required to register in a state, to provide notice of each institution of higher education in that state in which that person is employed, carries on a vocation or is a student. The act amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the act can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders.

Information is listed at New York Division of Criminal Justice Services’ Sex Offender Registry or at www.criminaljustice.state.ny.us/nsor.

You also may contact the NYS DCJS Sex Offender Registry at 518-457-3167 or 800-262-3257.

X. SEXUAL OFFENDER REGISTRY
The Sex Offender Registration Act requires the Division of Criminal Justice Services (DCJS) to maintain a Sex Offender Registry. The registry contains information on classified sex offenders according to their risk of re-offending: low risk (level 1), moderate risk (level 2) and high risk (level 3). The act requires that the division also maintain a subdirectory of level 3 sex offenders.
The DCJS Sex Offender Registry site may be found on the Web (www.criminaljustice.state.ny.us/nsor) and contains their subdirectory of level 3 sex offenders as well as other information regarding the New York State Sex Offender Registry (referred to as “the registry”).

Sex offenders registered in New York are now required to notify the registry of any institution of higher education at which he or she is, or expects to be, whether for compensation or not, enrolled, attending or employed, and whether such sex offender resides or expects to reside in a facility operated by the institution. Interpersonal violence can happen to anyone regardless of age, sex, race, socioeconomic status or the length of time the individuals involved have known each other. Rape is an act of violence and an attempt to control, humiliate and degrade the victim. Rapists can be anyone and often may be a friend, acquaintance or family member. Alcohol and other mood-altering substances are known contributors to episodes of this type of behavior. Any sexual contact that is made without the consent of the victim is considered a sexual offense. Rape and sodomy are felony crimes. XIX. WEAPONS POSSESSION

College policy prohibits, unauthorized possession or use of firearms, explosive devices, fireworks, dangerous or illegal weapons, or hazardous materials.

A. Safety Guidelines for Armed Subjects, Active Shooter Situations.

An active shooter is a person who appears to be actively engaged in killing or attempting to kill people in a populated area. In most cases active shooters use firearm(s) and there is no pattern or method to their selection of victims. These situations are dynamic and evolve rapidly, demanding immediately deployment of law enforcement resources to stop the shooting and mitigate harm to innocent victims. This section provides guidance to persons who may be caught in an active shooter situation, and describes what to expect from responding police officers.

What should you do?

In general, how you respond to an active shooter will be dictated by the specific circumstances of the encounter, bearing in mind there could be more than one shooter involved in the same situation. If you find yourself involved in an active shooter situation, try to remain calm and use these guidelines to help you plan a strategy for survival.

- If an active shooter is outside your building, proceed to a room that can be locked, close and lock all the windows and doors, and turn off all the lights; if possible, get everyone down on the floor and ensure that no one is visible from outside the room. One person in the room should call 911, advise the dispatcher of what is taking place, and inform him/her of your location; remain in place until the police or a campus administrator known to you, gives the “all clear.” Unfamiliar voices may be the shooter attempting to lure victims from their safe space; do not respond to any voice commands until you can verify with certainty that they are being issued by a police officer.
- If an active shooter is in the same building you are, determine if the room you are in can be locked. If so, follow the same procedure described in the previous paragraph. If your room can’t be locked, determine if there is a nearby location that can be reached safely and secured, or if you can safely exit the building. If you decide to move from your current location, be sure to follow the instructions outlined below.

- If an active shooter enters your office or classroom, try to remain calm, dial 911, if possible, and alert police to the shooter’s location; if you can’t speak, leave the line open so the dispatcher can
listen to what’s taking place. Normally the location of a 911 call can be determined without speaking. If there is absolutely no opportunity to escape or hide, it might be possible to negotiate with the shooter; attempting to overpower the shooter with force should be considered a last resort, after all other options have been exhausted. If the shooter leaves the area, proceed immediately to a safer place and do not touch anything that was in the vicinity of the shooter.

- No matter what the circumstances, if you decide to flee during an active shooting situation, make sure you have an escape route and plan in mind. Do not carry anything while fleeing, move quickly, keep your hands visible, and follow the instructions of any police officers you may encounter. Do not attempt to remove injured people; instead, leave wounded victims where they are and notify authorities of their location as soon as possible. Do not try to drive off campus until advised it is safe to do so by police or campus administrators.

**What to expect from responding police officers**

Police officers responding to an active shooter are trained to proceed immediately to the area in which shots were last heard; their purpose is to stop the shooting as quickly as possible. The first responding officers may be dressed in regular patrol uniforms, or they may be wearing external bulletproof vests, Kevlar helmets and other tactical equipment. The officers may be armed with rifles, shotguns or handguns, and might be using Tasers, pepper spray or tear gas to control the situation. Regardless of how they appear, remain calm, do as the officers tell you, and do not be afraid of them. Put down any bags or packages you may be carrying and keep your hands visible at all times. If you know where the shooter is, tell the officers. The first officers to arrive will not stop to aid injured people; rescue teams composed of other officers and emergency medical personnel will follow the first officers into secured areas to treat and remove injured persons. Keep in mind that even once you have escaped to a safe location, the entire area is still a crime scene; police will usually not let anyone leave until the situation is fully under control and all witnesses have been identified and questioned. Until you are released, remain at whatever assembly point authorities designate.

**XX. FIREARMS POLICY**

Fulton-Montgomery Community College (in accordance with State and Federal laws and FMCC policies and regulations*) prohibits any person from possessing firearms at any college facility or college sponsored event without the written authorization of the college’s chief administrative officer. This policy specifically applies to law enforcement officials who may otherwise be authorized to carry firearms while off duty and to other individuals who may be licensed to carry firearms.

This policy prohibiting the possession of firearms does not apply to law enforcement officials in pursuit of official duty when authorized by federal or state law. For purposes of this policy, law enforcement officers who are required to carry firearms while taking on-duty breaks shall be considered to be in “pursuit of official duty” when on such breaks. * The following SUNY policies and regulations apply: 8 NYCRR Part 590 – SUNY’s regulations relating to firearms; SUNY’s Policy for Firearms on State Operated Campuses; 8 NYCRR Part 535 SUNY’s regulations for the maintenance of public order.
