

Voluntary
Framework of
Accountability

The VFA is the principle accountability framework for community colleges with measures defined to encompass the full breadth of the community college mission and the diversity of students' goals and educational experiences. The mission-appropriate measures determine how well community colleges are serving students; provide colleges the ability to identify problems and set goals for institutional improvement; and be properly accountable to stakeholders.

The VFA's *Public Outcomes Report* includes the data that colleges are required to report and share publicly. Listed below are the contents of this report.

STUDENT PROGRESS & OUTCOMES (SPO)

SPO Timeframes

The SPO measures are reported for students from two timeframes:

• TWO YEAR

Students that entered the college two years ago (Fall Students 2015) and their progress /attainment by the end of those two years

Colleges are required to report the **TWO-YEAR PROGRESS MEASURES** for the students that entered two years ago

• SIX YEAR

Students that entered the college six years ago (Fall Students 2011) and their progress and outcomes by the end of those six years

Colleges are required to report the **DEVELOPMENTAL EDUCATION** and **SIX-YEAR OUTCOMES MEASURES** for the students that entered six years ago

SPO Student Cohort Types

Colleges are also required to report the SPO measures for three types of student groups:

A. Main Cohort

Fall entering students who are first time at the reporting college

B. Credential Seeking

Students in the Main Cohort who earned 12 credits by the end of their first two years

C. First Time in College

Students in the Main Cohort who are first time in college

SPO: DEVELOPMENTAL EDUCATION PROGRESS MEASURES

Developmental Subjects: math, English, reading

- Distribution of developmental need (1, 2, or 3 levels below college level in subject)

- Attempted any developmental education in subject
- Completed developmental education in subject
- Completed a college-level course in subject
