Radiologic Technology Clinical and Didactic Instructor

Established JRCERT accredited Radiologic Technology Program seeks applicants for a full-time tenure-track teaching position beginning with the fall 2022 semester. The anticipated start date is October 17, 2022. The position will remain open until a successful candidate has been identified. However, for fullest consideration, applications should be received by September 9, 2022.

Responsibilities include; but are not limited to, providing didactic, laboratory course, and clinical instruction as assigned in a traditional and possibly online setting correlating clinical education with didactic education to assure effectiveness; evaluates and facilitates clinical education effectiveness through a schedule of regular visits to the clinical education site(s); and advises students in matters related to academics, clinical progress, attendance, and behaviors. Duties also include course and program assessment and planning, regular use of course management system (Brightspace), and ongoing participation in professional development activities relevant to the profession.

Qualifications: Current NYS Radiologic Technologist license, current ARRT certification in Radiography, and three years of clinically-based work experience as a licensed Radiologic Technologist is required. A Bachelor’s degree from a regionally accredited institution of higher education is also required. A Master’s degree is preferred, but consideration will be given to those with advanced degrees in other disciplines or who are actively pursuing a Master’s degree. It is expected that a new Instructor not possessing an earned Master’s degree will pursue and complete a master’s degree prior to receiving tenure as part of the professional development activities of the position. Classroom and clinical teaching experience is desired, preferably at the two-year college level. The ideal candidate will be multi-credentialed in Medical Imaging, including post primary modalities such as computed tomography (CT), mammography (M), etc.

Candidates interested in this position should email the full application to radtechinstructor@fmcc.edu please indicate in the subject line, Rad Tech Instructor. All applications must submit: a cover letter outlining interests and qualifications that are relevant to the position, a resume, copies of undergraduate and graduate transcripts; and five professional references listing: the names, telephone numbers, and e-mail addresses to be fully considered. Salary for this position starts at $59,366.
